Letter of Recommendation for Ms. Maria Hejlek

To whom it may concern, I am writing to recommend Ms. Maria Hejlek.

Ms. Hejlek was my employee for 4 years, working as a web designer and web developer. She programmed web sites with extreme care and had a great sense for web design and usability of websites. She often made recommendations for improvements, or provided general ideas. She was able to work very independently, confident in her skills to solve any problem.

Personally I found Ms. Hejlek to be an incredibly nice and clever young woman. Her first ever work experience was with my company and she excelled at every opportunity. I came to rely on her expertise and passed a lot of my responsibilities on to her when I was on holiday or otherwise occupied. She always solved problems quickly and efficiently, and was never afraid to learn something new.

Even though I am sad to see her leave, I wish her the best of luck and without reservation recommend her for any career she may want to pursue.

For any further questions, please do not hesitate to contact me.

Best regards,

Christian Kohout
